#### **BENEFIT:**

60% Energy Savings

In the hypercompetitive paint and coatings market, Rustoleum needed a fast payback to justify the cost of installing a new, energy-efficient lighting system. Westinghouse Lighting Solutions customized a system of (100) 3-lamp T5 and 4-lamp T5 fixtures. In less than a year and a half, the system paid for itself and Rustoleum was able to enjoy better profits and an enhanced working environment due to improved light quality.
