

Westinghouse

OUTDOOR FACILITY

WAL-MART

200 Stores Annually

BENEFIT:

Speed to Market

To cultivate sales in its Lawn and Garden Centers, Wal-Mart turned to Westinghouse Lighting Solutions to meet a demanding renovation schedule. Westinghouse worked closely with the Wal-Mart design team to develop a fixture that met the specifications and could be brought to market in time for the planned renovations. According to Jay Goodman, Managing Director of Westinghouse Lighting Solutions, "Wal-Mart liked that we have both the engineering and capacity to develop a fixture that meets their needs and can be shipped quickly enough to keep the construction going."
