

WESTINGHOUSE
LIGHTING
SOLUTIONS

Overall aesthetic appearance of the garage was significantly improved. 76 watt T8 enclosed fluorescent fixtures provided a one-for-one retrofit with better CRI and longer lumen maintenance than old system comprised of 175 watt high pressure sodium system. 24/7 operation allowed return on investment to be approximately 1 year. Unit selected was V4 Series.

New WLS fixtures helped reduce energy usage & INCREASE footcandles. Old system averaged 4-5 footcandles and the new system averaged 15.

PARKING

STRATOSPHERE Hotel & Casino Las Vegas, Nevada

COST SAVINGS:

- Demand reduction **164 kw**
